

AMBASSADOR CHRIS EHIGIMETOR

Email: ambassadorehigimotor@gmail.com Mobile No.: +234903656829

Profile

I am a Javascript Developer that focuses on front-end frameworks such as React and Nextjs. I have a passion for Design Systems, Web Accessibility, Open Source Contribution, and System Integration. To grow I focus on contributing to open source projects.

Education

- University of Benin - BSc in Computer Engineering (2016 – in view)
 - **Software Engineering** - Software Development Life Cycle Development Models. Software Analysis, Design, and Modelling. Requirements Engineering.
 - **Programming** - C++ Programming, Java, C#, Prolog, Python.
 - **Computer Networking** - OSI model, IP Addressing, Network Topologies.
 - **Microprocessors/Microcomputer** - Z80, 8085, PIC16. Worked with MPLAB and microC
 - **Boolean Algebra and Logic Circuit** - Adder, Subtractor, Comparator design and prototyping using proteus
 - Computer Architecture, Computer Graphics, Digital Signal Processing, Control Systems, Artificial Intelligence, MatLab, Verilog, Cybersecurity
- ALX Africa – Software Engineering (Aug 2021 - Jul 2022)
 - One-year hands-on training where we focused on Linux Os, git, C++, and advanced software engineering principles.
- AltSchool Africa - Cloud Engineering (Oct 2020 – Mar 2021)
 - Six months of training on cloud engineering, the first 3 months dedicated to HTML, CSS, and Javascript, then focused on cloud, Linux, SSH, and Vagrant.

Experience

ALX Africa

Position: Software Engineer Intern

Duration: Aug 2021 – Jul 2022

- Focused on building multiple projects and learning how to function in a team. Formed learning groups called buddies, where team members get to collaborate on the same projects and work together.
- Worked with Git and its various workflows, and Github for collaborating on projects and contributing to open source.
- Worked on Projects with tight deadlines and learned to quickly pick up multiple technologies.
- Working with Python, Javascript, and C languages.

Nigerian Petroleum Development Company (NPDC)

Position: Industrial Trainee

Duration: April - Jul 2021

- Working in a fast-paced and demanding environment as an intern where I was on hand to respond to incidents from clients while interacting with ICT assets.
- Learned teamwork, building customer relationships, and swift responses to incidents while properly documenting the resolution.
- Maintained a database of incidents and the clients reporting them and generated monthly reports.

Software Skills

Languages, Standards, and Framework: ReactJS, VueJs, NuxtJs, SQL, HTML 5, Sass, CSS3, JavaScript.

Application & Web Server: Apache2

Collaboration Solutions: Teams, GitHub, Slack, Google Meet, Zoom, Discord

Databases: PostgreSQL, MySQL, MongoDB.

Operating Systems: Windows, Linux.

Network & System Administration: VirtualBox, Vagrant, PowerShell

Tools: VSCode, Git, MATLAB

Soft Skills

- Ability to take the lead and to work as part of a team in a multicultural environment
- Strong analytical skills.
- Excellent interpersonal and communication skills.
- Project management skills.
- Problem-solving and conflict-resolution skills.
- Excellent reporting, technical paper writing, and presentation skills.
- Committed to self-development, flexible, adaptable, and open to change.
- Achievement-oriented with demonstrated ability to act as an excellent team player.
